

UNITED STATES OF AMERICA
DEPARTMENT OF TRANSPORTATION
OFFICE OF THE SECRETARY
WASHINGTON, D.C.

Issued by the Department of Transportation on June 10, 1998

NOTICE OF ACTION TAKEN -- DOCKET OST 98-3855

This serves as notice to the public of the action described below, taken by the Department official indicated (no additional confirming order will be issued in this matter).

Applicant: **Linea Aerea Nacional Hondurena, S.A. de C.V.**
d/b/a Honduras National Airlines

Date Filed: May 14, 1998

Relief requested: Exemption from 49 U.S.C. 41301 to conduct (1) scheduled foreign air transportation of persons, property and mail from points behind Honduras via Honduras and intermediate points to point(s) in the United States and beyond; (2) charter foreign air transportation to and from the United States as authorized in the U.S.-Honduras Air Transport Agreement (Agreement); and (3) all-cargo services between the United States and any point(s) subject to the terms and conditions of the Agreement; by wet-leasing from authorized carriers.

Applicant representative: Susan Jollie 202-639-8233

Responsive pleadings: None

DISPOSITION

Action: Approved in part, deferred in part (see below)

Action date: June 10, 1998

Effective dates of authority granted: June 10, 1998 - June 10, 2000

Basis for approval (bilateral agreement/reciprocity): U.S.-Honduras Air Transport Agreement

Remarks: We granted Honduras National Airlines authority to conduct the operations over the routes for which it is licensed by its homeland: San Pedro Sula/Tegucigalpa -Miami/New Orleans/Houston. We deferred action on the remainder of its request.

We also found, based on the record, that the applicant is operationally and financially qualified to conduct the proposed services, as limited and conditioned; that it is properly licensed; and that it is substantially owned and effectively controlled by citizens of Honduras. The FAA has advised us that, so long as the applicant uses aircraft wet-leased from carriers of the U.S. or countries that have been found to meet ICAO standards regarding aviation safety oversight by the FAA, it knows of no reason why we should act unfavorably on the application.

Except to the extent exempted/waived, this authority is subject to the terms, conditions, and limitations indicated:

Standard exemption conditions (attached) Foreign air carrier permit conditions (Order - -)

Special conditions: In the conduct of the services authorized, Honduras National Airlines may use only aircraft wet leased from a duly authorized and properly supervised U.S. or foreign air carrier that receives requisite authority under the provisions of 14 CFR 207, 208 or 212 of the Department's regulations.

Action taken by: Paul L. Gretch, Director
Office of International Aviation

Under authority assigned by the Department in its regulations, 14 CFR Part 385, we found that (1) immediate action was required and was consistent with Department policy; (2) grant of the exemption was consistent with the public interest; and (3) grant of the authority would not constitute a major regulatory action under the Energy Policy and Conservation Act of 1975. To the extent not granted or deferred, we denied all requests in the referenced Docket. We may amend, modify, or revoke the authority granted in this Notice at any time without hearing at our discretion.

Persons entitled to petition the Department for review of the action set forth in this Notice under the Department's regulations, 14 CFR §385.30, may file their petitions within ten (10) days after the date of issuance of this Notice. This action was effective when taken, and the filing of a petition for review will not alter such effectiveness.
