**UNITED STATES OF AMERICA
DEPARTMENT OF TRANSPORTATION
OFFICE OF THE SECRETARY
WASHINGTON, D.C.**

In the Matter of

U.S.-Brazil All-Cargo Frequencies and Designation

Docket OST-2000-7559

Served: December 18, 2000

Notice Revising Procedural Schedule

By Notice, served November 24, 2000, the Department set the procedural schedule for new entrant applicants in the above captioned proceeding, requiring that applications be filed on December 7, 2000, that answers to applications be filed on December 19, 2000, and that replies to answers to applications be filed on December 27, 2000. Gemini Air Cargo, Atlas Air, and Evergreen International are the only applicants to this proceeding.

By letter dated December 11, 2000, Gemini Air Cargo requests the Department to extend the due date for replies to Friday, January 5, 2001. Gemini states that the extension is necessary because persons needed to prepare the reply are unavailable during the Christmas holiday period just prior to the present deadline and that the brief delay requested will not prejudice the public since it will have little effect on the date when the recipient of the fourth designation will be able to introduce service to Brazil. Counsel for Gemini further states that Atlas Air and Evergreen International, the other applicants in this proceeding, support the request for the reasons stated.

Inasmuch as all parties support the requested extension and the requested deadline is for a short time period that will not prejudice the public interest, we will extend the period for the filing of Replies in the above-referenced proceeding to January 5, 2001.

We will serve this Notice on all parties to this proceeding by facsimile.

By:

PAUL L. GRETCH
Director, Office of International Aviation

(SEAL)

Dated: December 18, 2000
