DISPOSITION

Action: Approved

Action date: December 3, 1998

Effective dates of exemption authority granted: December 3, 1998 - December 3, 2000

Effective dates of statements of authorization granted: Indefinite (see Special Conditions, below) *

Basis for approval (bilateral agreement/reciprocity): U.S.-South Africa Air Service Agreement

Except to the extent exempted/waived, this authority is subject to the terms, conditions, and limitations indicated:

Standard exemption conditions (attached) Foreign air carrier permit conditions (Order - -)

* Special Conditions:

(a) The statement of authorization will remain in effect only as long as (i) South African Airways and American Airlines continue to hold the necessary underlying authority to operate the code-share services at issue, and (ii) the code-share agreement providing for the code-share operations remains in effect.

(b) South African Airways and/or American Airlines must promptly notify the Department (Office of International Aviation) if the code-share agreement providing for the code-share operations is no longer effective or the carriers decide to cease operating any or all of the approved code-share services.¹

(c) The code-sharing operations conducted under this authority must comply with 14 CFR 399.88 and with any amendments to the Department's regulations concerning code-share arrangements that may be adopted. transportation be sold in the name of the carrier holding out such service in computer reservation systems and elsewhere; that the carrier selling such transportation (*i.e.*, the carrier shown on the ticket) accept responsibility for the entirety of the code-share journey for all obligations established in its contract of carriage with the passenger; that the passenger liability of the operating carrier be unaffected; and that the operating carrier shall not permit the code of its U.S. code-sharing partner to be carried on any flight that enters, departs, or transits the airspace of any area for whose airspace the Federal Aviation Administration has issued a flight prohibition.

(d) The authority granted here is specifically conditioned so that neither South African Airways nor American Airlines shall give any force or effect to any contractual provisions between themselves that are contrary to these conditions.

**Action taken by: Paul L. Gretch, Director
Office of International Aviation**

We found that the applicant was qualified to perform its proposed operations.

Under authority assigned by the Department in its regulations, 14 CFR Part 385, we found that (1) immediate action was required and was consistent with Department policy; (2) grant of the authority was consistent with the public interest; and (3) grant of the authority would not constitute a major regulatory action under the Energy Policy and Conservation Act of 1975. To the extent not granted, we denied all requests in the referenced Docket. We may amend, modify, or revoke the authority granted in this Notice at any time without hearing at our discretion.

Persons entitled to petition the Department for review of the action set forth in this Notice under the Department's regulations, 14 CFR §385.30, may file their petitions within ten (10) days after the date of issuance of this Notice. This action was effective when taken, and the filing of a petition for review will not alter such effectiveness.
