Amendment to the Definitions of Revenue and NonRevenue Passengers

The Office of the Secretary proposes to revise its definitions of revenue passenger and nonrevenue passenger in 14 CFR 241.03 to specify that a passenger traveling on a ticket or voucher received as compensation for denied boarding or as settlement of a consumer complaint is considered to be a revenue passenger. The revised definitions will be added to 14 CFR parts 217 and 298. The definitions will be in harmony with the definitions of revenue and non revenue passenger adopted by the International Civil Aviation Organization (ICAO). Harmonizing of DOT's and ICAO's definitions will prevent air carriers from being required to keep two sets of traffic enplanement statistics--one for reporting to ICAO and one for reporting to DOT. This action is taken at DOT's initiative.

Comments are due October 23, 2000.
